

Milan Facility — Equipment Maintenance Log 2026

Quarterly review · Compiled 2026-Q2 · Plant Engineering

Makeup filling lines (FIL-M-01 to FIL-M-04)

Unit	Last calibration	Status
FIL-M-01	2026-Q1	OK
FIL-M-02	2026-Q1	OK
FIL-M-03	2026-Q1	OK
FIL-M-04	2026-Q1	OK

Makeup compression press

PRS-M-01 calibrated 2026-02-15. Powder compaction within spec across all 7 audited shifts; no rework spike.

Notes

The Milan Skincare line operates its own homogenizer fleet on a quarterly calibration cadence. The fleet is independent of the Lyon Skincare equipment and has its own maintenance program. No equipment incidents have been recorded in 2026-Q1 or 2026-Q2.
