

Supplier Audit Report — Acme Botanicals SARL

Audit period: 2025 · Conducted by LuxeBeauty QA · Confidential

Supplier

Acme Botanicals SARL is LuxeBeauty's primary supplier for cosmetic-grade hyaluronic acid powder and botanical extracts feeding the Skincare line. The supplier has been on the qualified vendor list since 2018.

Audit scope

On 2025-09-14, LuxeBeauty QA visited Acme's Lille production facility. The audit covered the COA issuance process, mass-balance reconciliation between receipt and dispatch, lot-traceability from raw material to finished pack, and COA archival.

Findings

- **COA system: PASS.** All batches reconcile to vendor source documents; certificates carry signed approvals.
- **Mass-balance: PASS.** Less than 0.4% drift across the audited window of 240 batches.
- **Traceability: PASS.** Lot codes carry through to LuxeBeauty's receiving system intact.
- **Archival: minor finding.** Suggest extending COA retention from 5y to 7y to align with our internal practice and the EU Cosmetics Regulation reference period.
